

Recognition of foreign physiotherapy qualifications

In order to practise as a physiotherapist in Switzerland, qualifications gained abroad must be recognised by the [Swiss Red Cross \(SRC\)](#)¹. A type B, C, Ci, G, F or L [residence permit](#) is required for full recognition. This guide sets out the procedure and contains the most important links to documentation and points of contact.

¹ The links in this document are in French. The links in German and Italian are available in the according documents.

All information is correct as at 28/02/2019 and may be subject to change.
